

Vaccines are available at IFHC!

Can anyone get the vaccine?

Vaccines are available for adults. This includes ages 18 and older. Even if you are not enrolled in a tribe, you can get your vaccine.

What days/times are we doing vaccines?

Please just call us at 406-286-1510

How long does it take?

It can take anywhere from 20 minutes to 45 minutes. This includes filling out paperwork, getting the vaccine, and waiting 15 minutes after the dose was given.

Do we offer the Booster?

We do offer the booster to anyone 18 and older. Please call and schedule an appointment to get your booster.

What vaccines are available?

We provide Moderna and Pfizer 1st dose, second dose, and the booster.

Can I get the vaccine if I am pregnant?

It is recommended from the CDC that anybody who is pregnant get their vaccine. It is important because women who are pregnant are at more high risk of getting severely ill with COVID-19 than those who are not pregnant.

This is what the Vaccination process looks like here at IFHC!

#1 you get your temperature taken.

#2 You go to the front desk and let them know you are there for your vaccine.

#3 You get your vaccine!

#4 After the vaccine you go to the post vaccination area to be given a gift bag and have any questions answered.

#5 At the post vaccination area you will wait 10-15 minutes. After your time is up you are free to go home.
